

**REQUEST FOR INFORMATION
FOR
COUNTY OF SAN MATEO**

**LISTED BELOW ARE THE QUESTIONS (Q) SUBMITTED BY
POTENTIAL CONSULTANTS FOR THE RFP
MEMORIAL PARK WASTEWATER TREATMENT AND
INFRASTRUCTURE REPLACEMENT PROJECT**

**THE COUNTY OF SAN MATEO DEPARTMENT OF PUBLIC WORKS HAS
PROVIDED RESPONSES (R) TO THE QUESTIONS BELOW**

- Q1. Would the County please provide a copy of the current WDR Permit for the WWTP and disposal system, and any other relevant recent correspondence with the Regional Board?
- R1. **The Waste Discharge Requirements for San Mateo County Memorial Park has been posted to the Public Works webpage and may be downloaded at the following link: <http://publicworks.smcgov.org/memorial-park-wwtp>
The County does not have additional correspondence with the Regional Board to release at this time.**
- Q2. I was following up on the Memorial Park Wastewater Treatment and Infrastructure Replacement Project and was wondering if there was an estimated project value available, as well as if there are any union requirements to bid on this project? Any information you can help me with would be greatly appreciated.
- R2. **The County of San Mateo Board of Supervisors has budgeted funds for the Memorial Park Wastewater Treatment and Infrastructure Replacement Project in the Capital Improvement Budget. However, the budget was based on an estimated cost for Consultant and County staff, and not on the specific scope of work of the RFP. Based on the preliminary nature of the estimate used for budgeting purposes, the Consultant shall submit a proposal sufficient to cover the scope of work outlined in the RFP, not on the budget set forth in the County Capital Improvement Budget. The RFP does not require any union requirements.**
